ACADEMIC & PROFESSIONAL EXPERIENCE

Indian Institute of Management, Ahmedabad (IIMA) <i>Research Assistant Prof. Neharika Vohra ADCLOD Centre</i>	Nov 2025 – Present
Project 1 — Organizational Transformation in the Generative AI Era - Examining how AI is reshaping organizations and the future of work, with a focus on organizational structures, leadership, and what organizations must adapt, preserve, or fundamentally rethink - Conducting literature reviews, supporting data collection and interviews, undertaking qualitative data analysis, and contributing to academic writing Project 2 — Social Impact Leadership & Entrepreneurship - Studied social sector organizations in India through the journeys of social entrepreneurs and leaders, exploring how they built, led, and sustained organizations working across diverse areas of social impact - Independently built adclodsocialimpact.com, a digital webpage hosting the project's full body of work, including the podcast, white papers, and research on 20+ social impact organizations, including organizational data collection	

Indian Institute of Management Indore (IIMI)

April - May 2025

Research Intern | Prof. Swapnil Garg

- Investigated the epistemological limits of AI through Michael Polanyi's theory of tacit knowledge, using qualitative interpretive analysis to examine the boundaries of machine understanding
- Co-authored two research manuscripts examining the philosophical foundations of AI's limitations and their implications for knowledge representation

GIFT City (IFSC Department)

Dec 2024- March 2025

Research Intern

- Conducted a study of 50+ FinTech entities operating within India's first International Financial Services Centre (IFSC) at GIFT City, designing and executing primary research through interviews with stakeholders
- Synthesized findings into a research report examining regulatory frameworks, operational models, and innovation pattern

Founding Team Member & Tech Team Manager

2025 - Present

BPlan (bplan.info) | CFA Exam Preparation Platform

- Joined BPlan as a founding team member, owning product development, technology, and deployment.
- Helped drive the platform's early growth to \$15,000+ in revenue, 2,500+ sign-ups, and 600+ paid students within 90 days of launch.
